

Education is our investment in the future.

June 25, 2009

Dear Ms. Williams,

Thank you for taking part in the Assistant Principal Candidate Selection process. Identifying the right person for this position is essential to the school's overall success. Your thoughtful insight has allowed me to make the best possible recommendation to our School Board.

Marshall's tradition of excellence within the Janesville community is attributable to the fact that we have a staff that recognizes the pivotal role they play in setting students up for success. Your commitment to this process is yet another example of your willingness to always go the extra-mile.

While the interviews came at a very busy time of year, I appreciate your willingness to participate. Again, thank you for volunteering to be a part of this process.

Sincerely,

Synthia Taylor
Principal

*You are so fabulous! 😊
Thanks for your time
& talent!
Enjoy Summer!*
